Directions to room 4-154:
Enter the building from the Southwest entrance. If you do not have card access to CCRB, sign in at the front desk and let the attendant know you are here for the 3D Heart Painting event. Take the elevators nearest the front desk to the 4th floor. When exiting the elevator, you will look across an open atrium. Head directly to the side opposite the elevator. From there follow the hallway until you pass room 4-151, then take the next right turn. 4-154 is at the end of this hallway, just before the secure door, on the right.
